About the Companion Website *xix*

Daisy's Story *xx*

- 1 Triage and Initial Stabilization of the Emergency Small Animal Surgical Patient** *1*
Dana Clarke

- 2 Operating Room Nursing Tips for Emergency Surgical Procedures** *20*
Cami Elliott, Michelle Capps, and Michael McCallum

Section I Gastrointestinal System *49*

- 3 Emergency Stabilization of the Acute Abdomen Patient** *51*
Nyssa Levy and Matthew Beal

- 4 Esophageal Foreign Bodies** *58*
Ivan Doran

- 5 Gastrointestinal Foreign Bodies** *70*
Amie Koenig and Mandy L. Wallace

- 6 Intussusception** *81*
Janet Kovak McClaran and Yekaterina Buriko

- 7 Rectal Prolapse** *88*
Jennifer L. Huck

- 8 Gastric Dilatation and Volvulus** *93*
Michael S. Tivers and Sophie Adamantos

- 9 Intestinal Volvulus** *108*
Elizabeth LaFond and Kristina Kiefer

- 10 Colonic Torsion** *115*
Chloe Wormser

- 11 Peritonitis** *119*
Adrienne Bentley and Anusha Balakrishnan

- 12 Surgical Intervention Post-Celiotomy 141**
Michael B. Mison
- 13 Biliary Emergencies 146**
Lori Ludwig and Sean Smarick
- 14 Hemoperitoneum 164**
Cassie N. Lux, William T. N. Culp and Steven E. Epstein
- 15 True Abdominal Hernias 178**
Daniel D. Smeak
- 16 Traumatic and Incisional Hernias 190**
Todd Hamilton
- 17 Perineal Hernias 199**
Karen M. Tobias
- 18 Pancreatic Abscessation 216**
F. A. (Tony) Mann
- 19 Hepatic Emergencies 226**
James A. Perry, Steven E. Epstein, and William T. N. Culp
- 20 Bleeding Gastrointestinal Ulcers 238**
Yekaterina Buriko, David Holt, Laura Ateca, and Lesley King
- 21 Enteral Feeding Tubes 251**
Aarti Kathrani
- Section II Urinary System 263**
- 22 Stabilization of the Uremic Patient 265**
Kari Beer and Kenneth Drobatz
- Section IIa Urinary System - Urinary Tract Trauma 277**
- 23 Renal and Ureteral Injury 279**
Dan Degner and Chloe Wormser
- 24 Approach to the Uroabdomen 285**
Sara Colopy, Adam Townsend, and Dale Bjourling
- 25 Urethral Injury 297**
Sara Colopy, Adam Townsend, and Dale Bjourling
- Section IIb Urinary System – Urinary Obstruction 311**
- 26 Ureteral Obstruction 313**
Daniel Degner, Dana Clarke, and Chloe Wormser
- 27 Urethral Obstruction 331**
Heidi Phillips and Sara Colopy

Section III Respiratory System 351**Section IIIa Respiratory System – Upper Airway Disease 353**

- 28 Stabilization Techniques for Patients with an Upper Respiratory Obstruction 355**

Meredith Maczuzak and Deborah C. Silverstein

- 29 Tracheostomy 364**

Nathaniel Lam

- 30 Brachycephalic Airway Syndrome 372**

Mike Schlicksup

- 31 Laryngeal Paralysis 383**

Georga T. Karbe

- 32 Laryngeal Trauma 391**

Eric Monnet

- 33 Tracheal Collapse 395**

William T. N. Culp and Matthew D. O'Donnell

Section IIIb Respiratory System – Pleural Space Disease 405

- 34 Stabilization Techniques for Patients with Pleural Space Disease 407**

Erica Reineke and Jen Savini

- 35 Diaphragmatic Hernia 417**

MaryAnn Radlinsky

- 36 Pyothorax 425**

Lori S. Waddell and David A. Puerto

- 37 Hemothorax 433**

Chad W. Schmiedt and Benjamin M. Brainard

- 38 Pneumothorax 441**

David A. Puerto and Lori S. Waddell

- 39 Lung Lobe Torsion 451**

Jacob A. Rubin and Jaime Green

- 40 Surgical Approach to the Thoracic Cavity 459**

David A. Puerto and Jacob A. Rubin

Section IIIc Respiratory System – Chest Wall Disease 467

- 41 Stabilization Techniques for Patients with Chest Wall Disease 469**

Nolan Chalifoux and Deborah Silverstein

- 42 Pectus Excavatum 475**

Krista N. Adamovich-Rippe and William T. N. Culp

43 Flail Chest 483

Eric Monnet

Section IV Cardiovascular System 487

44 Pacemaker Therapy 489

Caryn Reynolds and Katrine Saile

45 Pericardial Effusion 501

Augusta Pelosi and Amy Koenigshof

46 Open-Chest Cardiopulmonary Resuscitation 514

Jasper Burke and Deborah Silverstein

Section V Reproductive System 525

47 Cesarean Section 527

Stephen D. Gilson

48 Pyometra 534

Jacqueline Davidson and Dorothy Black

49 Penile and Testicular Emergencies 541

Susan P. Gregory

50 Prostatic Abscessation 553

Richard A. S. White

51 Uterine and Vaginal Prolapse 565

Pieter Nelissen

Section VI Wound Management 573

52 Bite Wounds 575

David Holt and Vincent Thawley

53 Burn Injury 586

Caroline Garzotto and Dana Clarke

54 Penetrating Injury in the Dog and Cat 600

Steve J. Mehler

55 Necrotizing Fasciitis 613

Karol A. Mathews and Ameet Singh

56 Degloving and Shear Injuries 626

Bryden J. Stanley and Susan W. Volk

57 Skin Flaps and Grafts: Managing Complications 645

Michael B. Mison

58 Incisional Infections 652*Brandy A. Burgess***Section VII Ocular Emergencies 659****59 Ocular Emergencies 661***Deborah C. Mandell and Rosalie M. Atkins***Section VIII Oral Surgical Emergencies 685****60 Oral Surgical Emergencies 687***Alexander M. Reiter***Section IX Orthopedic Emergencies 701****61 Approach to the Septic Joint 703***Samuel P. Franklin***62 Surgical Management of Open Fractures 715***Kimberly Agnello***63 Traumatic Joint Luxation and Reduction 725***Anna Massie and Po-Yen Chou***Index 739**
