

Contents

1 General Anatomy	1
1.1 The Body	2
Parts of the Body	2
General Terms	2
1.2 The Cell	4
Cytoplasm	4
Cell Nucleus	6
Vital Cell Functions	6
1.3 Tissues	8
Epithelia	8
Connective Tissue and Supporting Tissue	10
Muscular Tissue	18
1.4 General Features of the Skeleton	20
Classification of Bones	20
Periosteum	20
Joints between Bones	22
1.5 General Features of the Muscles	30
Classification of Skeletal Muscles	30
Auxiliary Features of Muscles	32
Investigation of Muscle Function	32
1.6 Anatomical Terms and their Latin Equivalents	34
2 Trunk	35
2.1 Vertebral Column	36
Cervical Vertebrae	36
Thoracic Vertebrae	40
Lumbar Vertebrae	42
Malformations and Variations of the Presacral Vertebrae	44
Sacrum	46
Coccyx	48
Variations in the Sacral Region	50
Ossification of the Vertebrae	52
Intervertebral Disks	54
Ligaments of the Vertebral Column	56
Joints of the Vertebral Column	58
The Vertebral Column, Curvatures and Movements	62
2.2 Thoracic Cage	64
Ribs	64
Sternum	66
Joints of the Ribs	68
Boundaries of the Thoracic Cage	70
Movements of the Thoracic Cage	70
2.3 Intrinsic Back Musculature	72
Intrinsic Back Muscles	72
Short Nuchal Muscles	76
2.4 Body Wall	78
Thoracolumbar Fascia	78
Extrinsic Anterolateral Muscles	78
2.5 Prevertebral and Scalene Muscles	80
Prevertebral Muscles	80
Scalene Muscles	80
2.6 Muscles of the Thoracic Cage	82
Intercostal Muscles	82
2.7 Abdominal Wall	84
Superficial Abdominal Muscles	84
Function of the Superficial Abdominal Muscles	90
Fasciae of the Abdominal Wall	92
Deep Abdominal Muscles	94
Sites of Weakness in the Abdominal Wall	96
2.8 Diaphragm	102
Position and Function of the Diaphragm	104
Sites of Diaphragmatic Hernias	104
2.9 Pelvic Floor	106
Pelvic Diaphragm	106
Urogenital Diaphragm	106
2.10 Anatomical Terms and their Latin Equivalents	108

3 Upper Limb	109
3.1 Bones, Ligaments, and Joints	110
Shoulder Girdle	110
The Free Upper Limb	114
3.2 Muscles, Fasciae, and Special Features	136
Muscles of the Shoulder Girdle and Arm	136
Function of the Shoulder Girdle Muscles	148
Muscles of the Forearm	158
Function of Muscles of the Elbow Joint and Forearm	170
Function of Muscles of the Wrist and the Midcarpal Joint	172
Intrinsic Muscles of the Hand	174
Fasciae and Special Features of the Free Upper Limb	180
3.3 Anatomical Terms and their Latin Equivalents	184
4 Lower Limb	185
4.1 Bones, Ligaments, and Joints	186
Pelvis	186
The Free Part of the Lower Limb	192
4.2 Muscles, Fasciae, and Special Features	232
Muscles of the Hip and Thigh	232
Fasciae of the Hip and Thigh	254
Long Muscles of the Lower Leg and Foot	256
Intrinsic Muscles of the Foot	268
Fasciae of the Lower Leg and the Foot	276
Tendon Sheaths in the Foot	278
4.3 Anatomical Terms and their Latin Equivalents	280
5 Head and Neck	281
5.1 Skull	282
Subdivisions of the Skull	282
Ossification of the Skull	282
Special Features of Intramembranous Ossification	284
Sutures and Synchondroses	284
Structures of the Cranial Bones	286
Calvarium	286
Lateral Aspect of the Skull	288
Posterior Aspect of the Skull	290
Anterior Aspect of the Skull	292
Inferior Aspect of the Skull	294
Internal Surface of the Cranial Base	296
Variants of the Internal Surface of the Cranial Base	298
Site of Passage of Vessels and Nerves	300
Mandible	302
Shape of Mandible	304
Hyoid Bone	304
Orbit	306
Pterygopalatine Fossa	306
Nasal Cavity	308
Cranial Shapes	310
Special Cranial Shapes and Sutures	312
Accessory Bones of the Skull	314
Temporomandibular Joint	316
5.2 Muscles and Fasciae	318
Muscles of the Head	324
Anterior Muscles of the Neck	326
Head Muscles Inserted on the Shoulder Girdle	328
Fasciae of the Neck	330
5.3 Anatomical Terms and their Latin Equivalents	332

6 Peripheral Nerves and Vessels 333

6.1	Head and Neck	334		Anterior Antebrachial Region	386
	Regions	334		Anterior Carpal Region	388
	Anterior Facial Regions	336		Palm of the Hand	390
	Orbital Region	338		Dorsum of the hand	392
	Lateral Facial Regions	340		Radial Fovea	392
	Infratemporal Fossa	340	6.3	Trunk	394
	Superior View of the Orbit	342		Regions	394
	Occipital Region and Posterior			Regions of the Thorax	396
	Cervical (Nuchal) Region	346		Regions of the Abdomen	398
	Suboccipital Triangle	346	6.4	Lower Limb	412
	Lateral Pharyngeal and			Regions	412
	Retropharyngeal Spaces	348		Subinguinal Region	414
	Submandibular Triangle	350		Saphenous Hiatus	416
	Retromandibular Fossa	352		Gluteal Region	420
	Medial Cervical Region	354		Anterior Femoral Region	422
	Thyroid Region	356		Posterior Femoral Region	426
	Anterolateral Cervical Regions	358		Posterior Region of the Knee	428
	Scalenovertebral Triangle	366		Popliteal Fossa	430
6.2	Upper Limb	368		Anterior Crural Region	432
	Regions	368		Posterior Crural Region	434
	Deltopectoral Triangle	370		Medial Retromalleolar Region	436
	Axillary Region	372		Dorsum of the Foot	438
	Axillary Foramina	374		Sole of the Feet	440
	Anterior Brachial Region	376	6.5	Anatomical Terms and their	
	Posterior Brachial Region	380		Latin Equivalents	444
	Cubital Fossa	382
